Reflection

This was a very fun and interesting paper to write. I had the opportunity to write about my family's movement into the US. Specially, I had the opportunity to find out why and how my great uncle come to the U.S. I learned about his struggles as a child, his memorable moments, and his philosophy about following your dreams. I learned more about him in an hour than I have my entire life. Just like this class as a whole, it was a very eye-opening experience. In class, we are encouraged to go out in the world to learn and experience new things; this is exactly what I did for this paper. I am so thankful for being allowed this opportunity.
