To Whom it May Concern:

As a faculty member at Waubonsee Community College I have had the privilege of George Pappas as a student. During the semester Mr. Pappas was in Fundamentals of Communication, he demonstrated a tremendous work ethic. He always attended class prepared, and eager to learn. Mr. Pappas illustrated he valued his education by staying in communication with me regarding the requirements and his understanding for assignments.

I recommend George Pappas as a candidate for the honors program at Waubonsee Community College. He will continue to demonstrate high integrity regarding his required work performance.

Respectfully,

Jill Davis-Kuzmanich
